

WONDERCAP

100mm x 80mm Reducing Bush

Fits All Wondercap Base Sizes

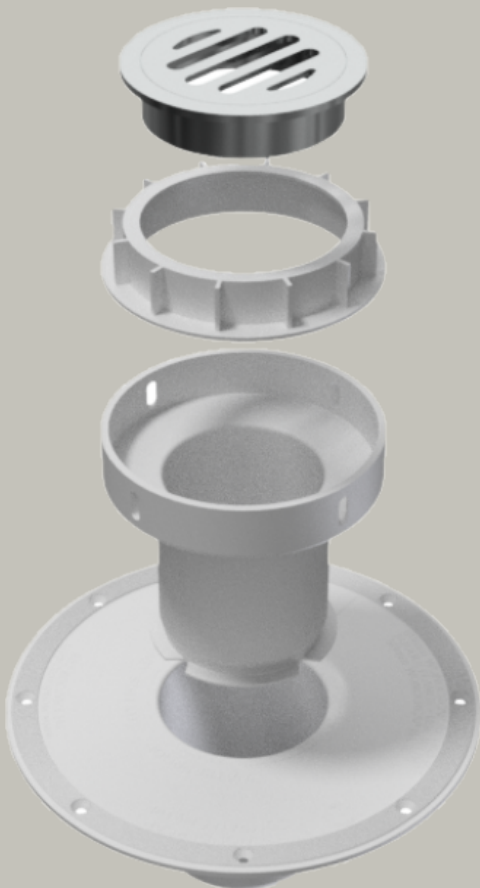

Introducing the Reducing Bush that simply installs into the top of all Wondercap Bases. Wondercap Products can now be adapted to suit 80mm square and round grates if required.

The Reducing Bush has 2 installation functions:

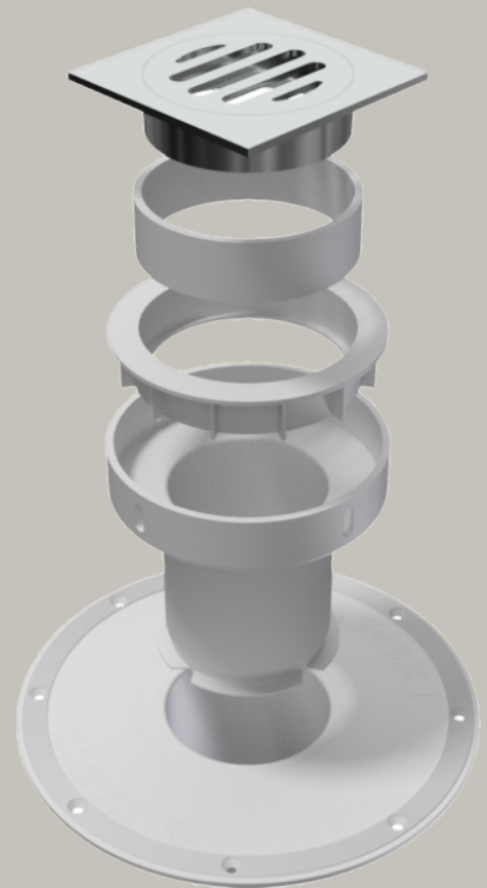

Function 1

The rib side up will take the outlet of any 80mm grate.

Function 2

The rib side down will take 80mm PVC pipe so the grate can be supported/ raised/ extended to whatever height is required.

The Reducing Bush allows the Wondercap Drainage System to accept 80mm Grates
